

# Kieler Daag 2020

June 24 - 26

## DIVIS Barcamp

We look forward to welcome you soon at our customer event, the Kieler Daag 2020. On the event we want to pick up the topics that are currently moving the players in the industry. As always with DIVIS, you as the customer will be in the center. That's why we want to design our program together with you – in the DIVIS Barcamp.

Based on the topics of logistics, technology and your wishes as a DIVIS customer, you will be able to decide for yourself how to get involved and which questions you would like to discuss in detail. Whether just listening, actively participating in discussions, or preparing topics of your own, which are of great importance to you as logistics experts, and moderating them in a discussion, in the Barcamp every role is the right one.

We cordially invite you to actively participate in this modern and easy way of exchange.

### How does that work?

At the beginning of the barcamp, the contents and proceedings are determined by the participants. Then you can choose which of the defined sessions you want to attend. In each session, the contents are presented, moderated and discussed. This process is very flexible: depending on the commitment of the participants, each session can develop into either a workshop or a discussion round. As a guest at our event, you are invited to prepare your own topics for the sessions and to take over the moderation yourself.

### Why a Barcamp?

Like other events and conferences, Barcamps serve as a professional and methodical exchange about a particular range of topics as well as the networking within the industry.

Very special about the barcamp is that the participants are the ones selecting the topics, leading to particularly practice-oriented conversations, concrete impulses and tips for everyday worklife. Ideally, the workshops can also develop a bit further on the Kieler Daag by initiating new ideas and projects, and the first concrete solutions can already be developed together.

We look forward to your participation!

Your DIVIS team

**Registration deadline  
is March 31, 2020!**
